saparilla root, it is well known to medical men, contains medicinal proporties, and some spearstes which are mert or uscless; and others which, if retained in preparing for use, produce fermentation and acid, which is injurious to the system. Some of the proporties of sarsapa rilla are so volatile that they entirely evaporate and are lost in the preparation, if they are not preserved by a scientific process, known only to those experienced in its manufacture. Moreover, these volatile principles, which if y off in vape, or as an exhaintion, under lice principles, which if y off in vape, or as an exhainton, under lice principles, which if y off in vape, or as an exhainton, under least, are the very assential medical properties of the root, which gives to it all its value. The

Genutine Old Doctor Townsend's Sarasparilla is so prepared, that all the inert properties of the strasparilla root are first removed, everything capable of becoming acid, or of fermentation, is extracted and rejected, then every particle of medical virtue is secured in a pure and concentrated form; and thus it is rendered incapable of losing any of its valuable and heating properties. Prepared in this way, it is made the most powerful agent in the Cure of insummerable disenses.

Hence the reason why we hear commendations on every side in its

within the reach, and to the showledge of all who need it, that they may learn and know, by joyini experience, its Transacendent power to heal? Aranacendent power to heal
